

Announcement

August 10, 2009

AsteelFlash Group announces the addition of Vince Pradia to the leadership team. Vince has been appointed Global Senior Vice President of North America and Asia Materials/Supply Chain Management.

Vince has over 30 years of international materials, logistics and supply chain experience.

Vince spent 16 years of his professional career directly in an Original Equipment Manufacturing (OEM) environment beginning in 1979 with Digital Equipment Corporation and then Maxtor. Vince has spent the last 9 years at Flextronics International as their World Wide VP, Materials with responsibility for over \$5B in supply chain inventory management and execution.
